November 15, 2020

Dear Dolgeville Community and Staff:

The Dolgeville Central School District has been notified of a confirmed case of COVID-19 with a staff member at the high school. This case was referred to the Herkimer County Health Department on November 14, 2020.

The District, working with the Herkimer County Health Department, are reviewing the circumstances of this situation. Steps have been taken to thoroughly disinfect the classroom areas. The staff member will be under quarantine until released from quarantine by the Health Department. Contact tracing is being done to decide if any students need quarantine. They are members of the B Group so they are on virtual learning until Tuesday by which time we will know the results of the tracing. All other students should continue to follow their in-person and virtual schedules.

The health, safety and well-being of our students, staff, and community will continue to be our top priority. Please feel free to contact the district office if you have any questions or concerns.

Sincerely,

Theodore E. Kawryga
Interim Superintendent of Schools
